FOREWORD

1959 . . . another class of seniors leaves Wakarusa High School to search their way into a troubled world.

Do you remember your senior year? Do you remember the thrills, joys, problems, and comforts of being together for the final time?

Come along with our mascot, Chief Waka, and relive with us the events and happenings which have taken place while we have been students at W.H.S. These incidents are possibly similar to the ones you yourselves enjoyed while you were students in school. Our hope is that those precious memories of your pleasant school days will be relived.

Dr. Bob, we salute you and hope that you may enjoy a long and successful career in Wakarusa.

OUR CLASS SPONSORS

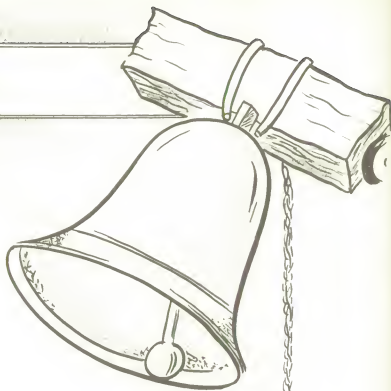

Mr. Davis has been our class sponsor for the entire four years of high school. He has helped us immensely with our class problems and also with our personal problems.

His warm sense of humor and light wit has made a welcome addition to all of our class activities.

CHEER BLOCK

This is the first year for Wakarusa to have a cheerblock. We try to boost school morale and show the team we are backing them. We meet once or twice a week, usually Wednesday or Friday. We have purchased cheerblock jerseys (purple and white) which we use to make a nice effect in the spelling of words in several of our cheers. We practice the cheers we are going to use in the coming games, and discuss how to improve them. We are organized as a Pep Club and enjoy it very much.

The student council was organized so the students could have a part in the programming and governing of the school. Students may make suggestions for changes and improvements and the student council acts upon these suggestions. We arrange programs for special occasions such as Veterans Day, Thanksgiving, Christmas, Easter, and in addition to these we sponsor one good entertainment program each month.

The student council consists of two representatives, a boy and a girl, from each class from grades 7 to 12 and two representatives from each of the other clubs and organizations in the school.

Mr. Eaton, our principal, is the sponsor and helps us in choosing and working on the suggestions and ideas that will be a real improvement to the school.

Assistant Editor SHIRLEY SMELTZER
Sponsor MR. ROGERS
Editor ALETA SHUMAKER

The name "Waka-Hi-Lites" was selected in 1931 for our school paper. It was chosen because it was a more original and attractive title than the previous title "Purple and Gold."

Waka-Hi-Lites has a definite meaning. Waka-Hi-Lites is the condensation of Wakarusa High School, and Hi-Lites stands for the high lights of news that this paper intends to bring to its readers. Thus "Hi" serves a double purpose in this title because it is a part of both Wakarusa High School and high lights.

The paper was organized to provide news about school classes, clubs, and various things that happen around school. The paper is printed bi-monthly.

We usually have devotions, singing, and a speaker; although we sometimes have a film. We have a quiz team which has been the county champion for the last three years. FRANKLIN COACH COMPANY

This is our life. What you have seen is typical of an ordinary day at Wakarusa. We have tried to show you that we are like thousands of students all across America, students having the same desired goal: to be accepted into the society of America.

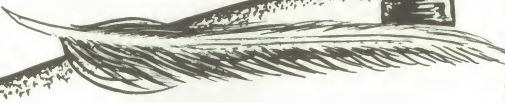

This edition of the '59 Waka Memories is but a small part of the activities which are preparing us for the stage of tomorrow. It will be a stage on which there will not be one or two leads, but one on which every graduate will be the leading role, one where each will be given a chance to use what he has learned throughout twelve years of preparation.

To all who have played a part in preparing this record of joyful memories, the editors wish to extend their sincerest thanks. A special vote of thanks we would like to give to our sponsor, Mr. William Rogers. His patient understanding of our problems and timely suggestions have contributed much to the success of our yearbook.

As you have followed Chief Waka throughout the pages of this book, we hope that you have received as much enjoyment from reading it as we have had in preparing it for you.

A Share in America?

Yes indeed, a real share in America is yours partly for the asking, partly for the taking. You'll soon ask to take your place in America as an independent citizen, as one share of the heritage your forefathers passed on to you. Perhaps you will invest your earned money in the stock issued by American business firms. This is another way of owning a share of America.

There are many such examples of private privilege in this great country—voting is one such, electing the men and women who fill the chairs of America's government "of the people."

All this responsibility and privilege calls for the highest caliber citizens our parents and our schools can produce. Make sure your schools' investment in you, that your parents' investment in you—turns into stock whose value soars higher and higher as the years advance so you can truly aver that you are, indeed, a SHARE OF AMERICA.

Congratulations on graduation day from your newspaper, your radio station and your television station—one good citizen to another.

WE SALUTE THE SENIORS OF '59

. . . Their Past, Present and Future!

Ideals are like stars; you will not succeed in touching them with your hands. But like the seafaring man on the desert of waters, you choose them as your guides, and following them you will reach your destiny.
